Remote control FBR6 with room sensor
for module regluator series MR06, MR07, MR08, MR12

Order number:	120.09577
Order code:	Fernbedienung FBR6 SCHNEID mit Raumfühler

Overview

The remote control FBR3 is compatible with the SCHNEID- MR06/07/08/12 control units.
An OFF / DAY / NIGHT / AUTOMATIC preselection switch is provided for preselecting the operating mode. A setting potentiometer with a range of plus / minus four degrees is available to change the target room temperature. A room sensor is installed in the remote control, which can be used to use various heating control programs and to optimize the SCHNEID control unit.
