Programming adapter for controller version from FW2X MR08 and higher
for Schneid FW management systems

Order number:	020.09872
Order code:	Programming adapter from FW2X MR08 and higher

Overview:

FSS program and service adapter for controllers with/without COM base for service purposes using a laptop.

The FSS-PROG-ADAPTER-2XMR08 is connected to the PC using a USB cable, the drivers are installed and then the adapter is connected to the module controller with/without COM base using a flat cable connector or RJ11 connector.
The FSS-PROG-ADAPTER-2XMR08 is connected to the PC using a USB cable, the drivers are installed and then the adapter is connected to the module controller with/without COM base using a flat cable connector or RJ11 connector.

Terminal diagram:

Change the COM port of the adapter to COM2 Connect adapter to module controller without COM base with ribbon cable connector.

For module controllers with COM base, connect with RJ11 connector. If there is an interface module on COM-A, there may be impairments. In this case remove the communication module from COM-A.

Scope of delivery:

Programming adapter for controller version from FW2X MR08 and higher

Technical specifications:

Intrastat Number:	8537.10.91.99
Country of origin	no preferential origin
Height, width, depth (in mm)	123x72x30mm
Weight (in kg)	0,196
